Ministry Experience

Everyone will be able to choose their preference between one of the three options below. Groups will be placed together at the same site, while still given the chance to serve in different ways.

Service: Get your hands dirty and make a local impact by participating in a service project.

Prayer: Surround the Ministry Experience with prayer... pray for the community, the site you are at, and those out on your site with you.

Evangelism: Step out of your comfort zone and interact with the community... share with them why you are serving there and about the ministry you are serving.

Exposing and Motivating Middle and High School students to fulfill their part in the Great Commission...
